

## Unloading Vehicle

Do NOT park in the street or begin unloading before 9:30am. The streets are still open, and we will ask you to move.

- Beginning at 9:30am, W Jackson Ave will be closed to traffic.
- There are 2 ways to unload:
  - Park in the Metropolis parking lot across from Brother Wolf. ← HIGHLY suggested!
    - You will need to enter from Central Ave. This is a pay lot. You can park while you unload the car, otherwise you will need to move immediately after unloading.
  - You can also drive in on the EASTBOUND side of Jackson (The Daniel side). The WESTBOUND side will strictly be for vendor tents. You will need to enter Jackson from Gay St or State St.
- Be prepared to pull up, unload your car as quickly as possible, and move your car outside of the market footprint so other vendors can unload.
- All vehicles must be removed from the street by 11am per the city of Knoxville.
  - No parking or unloading in the WESTBOUND lane (Awaken Coffee side of the street).
  - Do not start organizing your booth while your car is still parked within the market footprint. This includes setting up your tent. We will ask you to move.
  - You must be fully set up by 11am.

## Packing Up

- Pack up your entire booth before you retrieve your car. This includes breaking down your tent.
  - You will be asked to move your car to complete your breakdown. This will slow down the process for others to exit the street.
  - You may not pack or leave before 4pm.
  - We will swing by around 3:45pm and give you a breakdown reminder.
  - Load out works the same as load in. Park in the Metropolis lot or park on the EASTBOUND side of the street. You will leave on the Central side of the street.
- Streets will reopen to traffic at 5pm. You must be completely out of the street by 5pm.
- If your booth is in the street, please condense your booth to the sidewalk as you are breaking down and before you go retrieve your car.

## Parking During the Market

- Keep in mind that all of the private and pay lots in the Old City either tow or boot without a permit or payment.
- There is free parking located under the James White Parkway overpass on East Jackson and Jackson Terminal parking lot across from The Standard.
- Please visit [knoxparking.org](http://knoxparking.org) for more information on nearby parking lots.
